The solution is in the community

Thanksgiving is a day to celebrate and reflect on the blessings that we have in our community. We are truly thankful for all of the dedicated community members, schools and businesses within the school districts of Northland Community School, Pine River-Backus and Walker-Hackensack-Akeley that have worked hard this past year to help with the mission of the Working Together Coalition.

We have had the chance to work with a variety of wonderful individuals who take time from their busy schedules to give back to their community. By working together, these individuals continue to make our community a safe and healthy place for our youth by preventing the use of alcohol, tobacco and other drugs.

Your time and commitment is appreciated and noticed. We are excited to work with you this next year. You are the solution!
